3. The Principals of all Aided Colleges in the State.  
4. The Principals of all Self Financing Colleges in the State.

Memo No. 1/8-2020 Co. (1)  
Dated Panchkula, the 18.02.2020.

Sub: Corona Virus.

-----------------

Kindly refer to the subject cited above.

I have been directed to forward a copy of D.O. No. Secy (HFW)/IMP/Coronavirus/2020, dated 05.02.2020 received from the Secretary, Govt. of India, Department of Health & Family Welfare, Ministry of Health and Family Welfare, New Delhi for necessary action at your level.

Encl: As Above.

Deputy Director Coordination  
for Director General Higher Education,  
Haryana Panchkula
Dear [Name],

You may be aware of the Novel Coronavirus reported from China and 24 other countries, 3 travel related case in India. Though much is not known about the disease dynamics, it is evident that there is human to human transmission. As of now, there is no drug or vaccine available to manage this disease. Hence preventive measures become crucial to stop spread of this disease.

Creating awareness among university/college students about preventive interventions such as frequent hand wash, respiratory etiquettes (using handkerchief over mouth while coughing/sneezing, use of tissue paper or using the sleeve of shirt covering upper arm, staying away from college when sick, avoiding public gatherings etc) will help in preventing/reducing transmission of not only this disease, but also large number of other communicable diseases, notably flu like illnesses. Further, such informed youth can be agents of change for their family, community and beyond.

In view of the above, you are requested to take up with State Education Departments, central universities and other autonomous teaching institutions under your ministry to sensitize their students these simple public health measures that will go a long way in preventing spread of Novel Coronavirus disease. An information pamphlet is enclosed which would come handy for the teachers to sensitize the students.

Yours sincerely,

(Preeti Sudan)

Shri Amit Khare
Secretary
Department of Higher Education
Ministry of Human Resource Development,
Shastri Bhawan, New Delhi

Copy to: Chief Secretaries of all States/UTs for similar action.
Reduce the risk of Coronavirus infection
Follow these important precautions

1. Avoid travel if you are suffering from fever and cough.
2. Wash your hands frequently with soap and water.
3. Share your travel history with your health worker (ASHA/ANM).

If you have cough, fever or difficulty in breathing, contact a doctor immediately.

Stay protected!
- If you have returned from Wuhan after January 15, 2020, get tested for 2019-nCoV to know about your infection status. For testing, call the Ministry of Health and Family Welfare HelpLine: +91-11-23978046 or email at n cov2019@gmail.com.
- If you have returned from China in the last 14 days or have been in contact with anyone who has been, stay isolated from others and use a separate room for sleeping.
- If you develop fever, cough and difficulty in breathing within 28 days of return from China, immediately call the Ministry of Health and Family Welfare HelpLine.
Reduce the risk of Coronavirus infection
Follow these important precautions
