

From

Principal Secretary to Government Haryana,
Department of Higher Education.

To

All Principals of Govt. Colleges.

Memo. No. 27/36-2017 CO (2)
Dated 09.02.2018

Subject:- Regarding Placement of students studying in Govt. Colleges.

Kindly refer to the subject cited above.

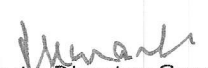

I have been directed to say that the State Government is putting strong efforts on generating employment opportunities for the Students studying in Universities and Colleges in the State. The State has achieved remarkable progress in Higher Education sector and is providing quality education to its students, yet the majority of our students are unable to get better job opportunities in various National/Multi-National companies in private sector. Lack of information amongst students, lack of exposure to opportunities and lack of motivation to attend campus drives have been identified as major reasons for the limited job opportunities in the private sector jobs. The Department of Higher Education is taking various initiatives to overcome these shortcomings by working closely with the Industry Associations and Consultants to augment placement opportunities for students in Haryana across select degrees in accordance with the conditions to raise the employability of students.

The Department of Higher Education has invited proposals from eligible service provider for placement of students who are pursuing various degrees in the Govt. Colleges of the State. The objective of this project is to reduce the unemployment in the State by providing employment to the high in-demand group of non technical graduates. For this the Department plans to set up a platform for job placement by organizing job melas in each districts headquarter of the State and Mega Job Melas at each division. These Melas will be in addition to the placement drives being carried out by colleges at their level. You may have a look at the request for proposal (RFP) for this project on the web portal of the Department.

You are requested to direct the placement officers in your colleges to generate email ids of all students immediately. The profile of all final year students shall be shared with the Department and successful service provider in a prescribed format which will be shared with you shortly alongwith the details of the service provider. It shall be the responsibility of the Principals to see that placement of students is monitored closely.

Action Taken Report may kindly be sent to this office within a week.

This may be treated as the **MOST URGENT and may be given TOP priority.**
